

Accion Leadership

1 Kinesh Doshi Founder & CEO, Accion Labs

"Kinesh is the driving force behind Accion Labs, bringing over 28 years of expertise in technology, digital transformation, and strategic innovation. He has architected and scaled high-impact engineering teams, delivering intelligent, data-driven solutions for global enterprises including Microsoft, Citibank, and Deutsche Bank.

With a strong foundation in business strategy and advanced technology, Kinesh champions the adoption of AI-led solutions to accelerate enterprise growth and innovation. He holds an MBA from the Kellogg School of Management, Northwestern University, and an M.Tech from IIT Delhi."

3 Jaywant Deshpande President and Chief Solutions Officer

"Jaywant brings over 28 years of experience in driving large-scale technology transformation and enterprise innovation. With a strong foundation in IT consulting and global architecture leadership, he has designed and delivered mission-critical solutions for organizations such as Barclays, National Grid, and Legal & General.

As Chief Solution Officer, Jaywant leads the evolution of Accion Labs' innovation ecosystem—overseeing solution architecture, delivery excellence, and AI-driven transformation initiatives. His expertise spans enterprise architecture, intelligent systems, and end-to-end IT outsourcing, enabling organizations to achieve scalable, high-impact digital outcomes.

Passionate about leveraging advanced technologies for competitive advantage, Jaywant continues to shape future-ready solutions through a blend of technical depth and strategic vision."

7 Anand Raja President - North America

"Anand – Founding Partner, Executive Leadership Team, Accion Labs

Anand brings over 23 years of experience in global sales and operations, driving strategic growth and building high-impact enterprise relationships across regions. As a founding member of the leadership team, he has played a key role in scaling global geographies, strengthening service lines, and optimizing business performance.

He leads the Data Solutions business at Accion Labs, focusing on Big Data and emerging technologies, enabling enterprises to harness data-driven and AI-powered insights. Anand has successfully expanded strategic accounts and built global delivery centers from inception to large-scale teams, serving Fortune 50 clients such as GE, HP, and Agilent.

With a strong track record in managing mission-critical applications across globally distributed teams, Anand continues to drive innovation and enterprise transformation through data-centric and scalable technology solutions."
