

Accion 2025 Update

- Back to growth this year against a tough macros environment; growth in key clients
- Onboarded 20+ new clients; all acquired through our 'Ai-first, Platform-led' approach
- Continued our focus on building deeper and strategic partnerships with existing clients
- Expanded our Client Management teams:
 - Added / promoted 6 senior leaders into Engagement Manager/Client Partner role
 - Added 3 senior leaders to our STAG (Strategy & Tech Advisory Group)
- Started a CAB (Customer Advisory Group) with 10 key clients
- Established a clear Partnerships/Channels organization under CPO (Nitin A); 31% growth in our Partnership business
- Established ATG (Advanced Technology Group) under CTO (Ash)
- Consolidated 30+ internal IP/tools projects under CIO (Ashish G)
- 2000+ engineers trained on various Ai programs - Building Agents, AI for QA, Generative AI for Leaders, etc.
- Acquired deep Kubernetes capability through our partnership & acquisition of Diamanti's GDC team
- Acquired NetServ, with 100+ employees and deep capability in digital transformation in the Insurance domain
- Great uplift in our brand presentation, one-company experience, office experience, etc.

Accion 2026 Strategic Priorities

- Simplifying our Clients' access to our capability organization (LOBs and COEs), ATG (Advanced Tech Group) & IP
- Greater penetration/usage of our IP and tooling in Delivery – ASIMOV, Breeze.AI, Breeze.AIOps, Breeze.qa and others
- Create a strong end-to-end GTM offering for our Legacy Modernization offering
- Enhance and align our Asimov offering to top 3 Hyperscalers
- Promote our efficiency-focused offerings
 - Vendor Consolidation, Security Ops, Managed Services, Infrastructure Services, SDLC AI-Transformation
- Invest in our relationship with analyst firms such as Gartner, ISG and others
- Promote our GDCs in LATAM & CEE
- Deepen our partnerships with Microsoft, ServiceNow, Salesforce, Databricks, OpenAI and others
- Implement Semantic Engineering engagement model across existing & new programs

- Enhance and rollout the current governance programs (AVB/PVB) across all clients
- Map our current EDC delivery methodology to standards across ISO/CMMi
- Provide accelerated path for younger leader to grow within Accion

Accion Acquisitions:

Reach1to1, HTS, Hutranz, Parinati, IS2, motifworks, serviceberry ezest, netserv
